## MEDICINAL.

One of the most important of the medicinal remedies which are available to the public is the one which is known as the "Globe Mills" remedy.

It is a "better way" than these other remedies, and it is the only one which is guaranteed to cure the disease.

It is the only one which is guaranteed to cure the disease, and it is the only one which is guaranteed to cure the disease.

CHURCH AT STANARDSVILLE.  
To the Editor of the Alexandria Gazette.

MADISON, Va., Feb. 1.—I enclose you a copy of our Diocesan Work, with an appeal in it from Bishop Whittle for a church building in Stanardsville, Greene county. Will you please kindly contribute to this worthy cause by inserting said appeal in the columns of your valuable paper and oblige Yours sincerely, A. SUBSCRIBER.

Dear Mr. Editor.—In your most excellent paper, without any request or suggestion from me, you have more than once called attention to the effort now making to build an Episcopal Church at Stanardsville, Greene county, Virginia. I thank you very much for your interest in this movement, and hope you will keep it before your readers until the good work has been accomplished.

I feel especially interested in the erection of this building, because, as you have said, we will then have a church in every county of the diocese, which is very much desired. But more than this, the fact is an important and promising one. Stanardsville is the county seat, is prettily situated in a beautiful and prosperous country, with an intelligent population having few religious privileges than any similar community within my knowledge. Our faithful missionary is much encouraged in his labors, and comforted by the increase of his list of communicants from one to six, but nothing can so greatly help him as to have a building in which to gather his flock. We have secured the most desirable lot—for size and location—in the place, and hope to begin building early in the spring. I beg for this earnest little band of members and friends of our church the sympathy and help of all our good people throughout the Diocese.

Contributions, however large or small, will be gladly received by Rev. R. C. Cowling Madison, Va., or by Sincerely yours, F. M. WHITTLE, 807 E. Leigh St., Richmond, Va.

NEEDS OF GROWING GIRLS.  
Before the Philadelphia Auxiliary of the National Congress of Mothers, in the lecture room of the Tabernacle Presbyterian Church, thirty-seventh and Chestnut streets, yesterday afternoon, Dr. Grace Spiegel roundly scored mothers for failure to enlighten their daughters as to their physical mechanism and the mysteries of life. Dr. Spiegel's subject was: "The Physical Needs of Growing Girls," and her language was unimpeachable. She declared that children should be dressed with regard to health rather than fashion; maintained that children of the present generation do not wear properly made shoes, and discouraged the wearing of corsets, saying that they were a menace to health and were sure to retard the development of the growing girl.

Children in school, Dr. Spiegel maintained, should sit in chairs rather than the benches which form the fore part of the desks so commonly used. Girls did not get enough out of their exercise.

One point that set the said Presbyterian members of the congress to thinking was her advocacy of dancing, which, she claimed, was "beneficial, and would make girls strong and graceful."

"Don't judge the teacher by the amount of book knowledge your child has," she declared, "but by the physical development of your child."

In an address on "The Physical Care of Children," Dr. Alfred Hand said that the mind and physical training must be considered at the same time, else an ill-balanced child would result. "Parents," said he, "like to play with their children, and it is often that the youngest one in the family, who always gets the greatest attention, is unnecessarily and unwittingly compelled to jeopardize his or her nervous system."

Dr. Hand advocated gymnastics for public schools, and said that the Swedish movement would correct many deformities in both children and adults. Regarding the bicycle as a means of exercise, he said that boys and girls from 10 to 14 years should be allowed to ride only under proper direction, as it was easy to strain the heart and cause permanent injury.

Story of a Slave.  
To be bound hand and foot for years by the chains of disease is the worse form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work."

This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cts. Sold by E. L. Allen and E. S. Leadbeater & Sons, druggists.

The smallest things may exert the greatest influence. DeWitt's Little Early Bitters are unequalled for overcoming constipation and liver troubles. Small pill, best pill, safe pill. Edgar Wardell, Jr., corner King and Pitt streets.

The Falling Leaves Give Warning of Winter

So the falling of the hair tells of the approach of age and declining power.

No matter how barren the tree nor how leafless it may seem, you confidently expect leaves again. And why?

Because there is life at the roots.

So you need not worry about the falling of your hair, the threatened departure of youth and beauty. And why?

Because if there is a spark of life remaining in the roots of the hair.

AYER'S HAIR VIGOR

will arouse it into healthy activity. The hair ceases to come out; it begins to grow; and the glory of your youth is restored to you.

We have a book on the Hair and its Diseases. It is free.

The Best Advice Free.  
If you do not obtain all the benefits you expect from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily removed. Address, Dr. J. C. Ayer, Lowell, Mass.

Dangers of the Grip.  
The great danger from a gripe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for a gripe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure a gripe in less time than any other treatment. It is pleasant and safe to take. For sale by J. H. Janney, Druggist, 701 King St.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement. "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.
